

Advice and Support Programmes for Playgroups and Parents

Who ever said that being a parent was easy!

Workforce would like to offer you the opportunity to take advantage of our Advice & Support Programme for Playgroups and Parents. The programme has been designed so that Playgroups (individual or cluster of businesses) can share the cost of each workshop. The topics offered cover many aspects of parenting, child development, learning through play and much more.

How can Advice and Support Programmes Benefit You?

We can tailor a programme that suits your needs. We can deliver at one of our learning centres, your playgroup venue, at the local community hall, school or anywhere else that suits your needs. As long as it makes it easy for your parents to get to, we can work there. That's how flexible we are at Workforce Development. Our qualified and experienced tutors will deliver a fun, interactive and informative session for you, all we need from you is your time.

Parent Workshops Available:

- How does my child learn?
